Firdausi Onize Abdulrahman

Web Developer || AI/ML Engineer in Training

abdulrahmanfirdausionize@gmail.com

PROFILE

Computer Science graduate and web developer/AI engineer in training with a strong foundation in modern web technologies and machine learning fundamentals. Combines core software development skills with exceptional organization, clear communication, and process discipline. Eager to contribute clean code, collaborate effectively, and help drive development projects on schedule.

EXPERIENCE

AI/ML Engineer in Training

Sep 2026 - current

Tech Crush

Building foundational and practical expertise in AI/ML engineering and applied machine learning. Gaining hands-on experience in data preprocessing, building predictive models, documenting technical workflows, and managing end-to-end machine learning pipelines from concept to execution in collaborative and independent settings.

Front-end Developer

Jan 2026 - current

Drips Network

Managed open-source repository hygiene by triaging GitHub issues, organizing community discussions, and maintaining project documentation. Prepared technical release notes, coordinated asynchronous team communication, and supported core maintainers with pull request reviews and workflow tracking.

Web Development Intern

Sep 2025 - Jan 2026

Skills Fusion Network Limited

Gained hands-on experience in UI/UX design and front-end web development through practical, project-based training. Applied structured methodologies to design user interfaces, build responsive web components, maintain project documentation, and organize development workflows from concept to execution both independently and collabratively.

EDUCATION

Bachelor of Science - Computer Science

2022 - 2026

Kwara State University

Relevant Coursework: Data Structures & Algorithms, Software Engineering, Database Management Systems, Artificial Intelligence & Machine Learning, Web Application Development, Object-Oriented Programming

SKILLS

React.js | Tailwind CSS | Javascript ES6 | Figma | Git | Github | Python | Fast API

TRAINING

- Web dev training — Siwes, 2025
- AI/ML course — Lecture assisted Online, 2026

LANGUAGES

- English - Native
- Korean - Elementary level
